Education

- **Tezpur University, Assam** *2022 - 2026*
  Bachelor of Technology, Computer Science and Engineering CGPA : 7.94
- **Jawahar Navodaya Vidyalaya Kottayam, Kerala** *2019 - 2021*
  CBSE Class XII, Science Percentage: 90%
- **Jawahar Navodaya Vidyalaya North 24 Parganas, West Bengal** *2014 - 2019*
  CBSE Class VI - Class X Percentage: 88%

Experience

- **Pehchaan The Street School** *Feb. 2025 - Present*
  Graphic Design Intern

Projects

- **Building your own user-level file system (Ongoing)**
  Creating a user-level file system using the FUSE (Filesystem in Userspace) library.
  - This system allows users to interact with files and directories managed entirely by your application, without modifying the kernel code.
- **Doraemon Rowing a Boat**
  Computer Graphics Project on Doraemon rowing a boat in 3D.
  - Technologies Used: C++ , OpenGL
- **AutoLog**
  Chrome extension that automates the process of logging into a college (Tezpur University) internet portal.
  - Technologies Used: JavaScript, Chrome Extensions API, HTML, CSS, Manifest v3, DOM (Document Object Model) Manipulation
- **e-Pedal**
  Electrical Bicycle Rental Service.
  - Proposed an idea to provide a rental service of electric bicycles in town areas.
  - Used Canva to create the presentation.
- **Shortest Path Visualization**
  Implementation Of Dijkstra Algorithm.
  - Developed an interactive graph visualization tool allowing users to input vertices, define edge weights, and visualize the graph with parabolic curves for distance representation.
  - Implemented shortest path visualization, highlighting the shortest distance and path between any two selected vertices.
  - Technologies Used: HTML, CSS

Technical Skills and Interests

Programming Languages: C , C++ , Python , 8086 Assembly Language
Operating Systems: Linux (Ubuntu), Windows
Developer Tools: VI Editor, VS Code, CodeBlocks, TASM (8086 Assembler), SciLab, Canva, Excel, PowerPoint
Database: MySQL
Concepts: Data Structures and Algorithms, Object Oriented Programming, Operating System, Computer Architecture
Languages: **English**: Professional working proficiency
Bengali: Native or bilingual proficiency
Hindi: Professional working proficiency

Positions of Responsibility

- **Google Developer Groups** - Design Team Core Member *2024 - Present*

Achievements

- **Google Cloud Arcade Event - Champions Milestone** *Jan. 2024 - Jul. 2024*
- **JNVST** Jawahar Navodaya Vidyalaya Selection Test *2014*
- **NDST** Navodaya Dakshana Selection Test *2019*
- **Scout** Rajya Puraskar *2018*
